Women in Science and Engineering (WISE)	Ms. Corinne Heiberger	605-394-1270	corinne.heiberger@sdsmt.edu

Supports and Services:

Email Communication

All official email communications will be sent to your SD Mines student email account.

Emergency Notifications

Your safety is our top priority. Register (or update your information) for the [Campus Alert](#) system to receive critical weather-related and other emergency alerts.

Get Involved

Did you know that SD Mines has over 150 student clubs and organizations? There are also varsity sports, intramural sports, music ensembles, competition teams, and a ton of other opportunities to get involved on campus. Check them out on the [Current Students](#) webpage.

Mandatory Reporting

SD Mines strives to provide a safe environment free from the effects of harassment, discrimination, and sexual misconduct. An incident of sexual harassment or sexual violence can be reported through the student [Advocate Online Reporting](#) or to the Title IX Coordinator at TitleIX@sdsmt.edu, 605.394.2533, or in person at the Title IX Office in the Surbeck Center (Main Level). Instructors at SD Mines are required to report certain issues relating to the health and safety of campus community members, including reporting to the Title IX Coordinator any allegation of discrimination or harassment.

Student Code of Conduct

As a student at SD Mines, you are part of our community. As a college student and a member of that community you have a lot of freedoms, and with those freedoms you also have great responsibility, to yourself and to others on campus.

Study Skills and Test Anxiety

To be successful in your college courses may mean that you need to prepare for them a bit differently than you did in high school. We have lots of resources that can help you improve your study skills and be well prepared for that upcoming exam. Check out the SD Mines [webpage](#) for more information, or reach out at 605.394.1924 or counseling@sdsmt.edu.

Tutoring & Academic Support

SD Mines provides free tutoring each semester. The focus is on first year foundational courses, but other courses are available. Refer to the Tutoring Schedule and Tutoring Expertise links on the right side of the [Tutoring and Academic Support](#) webpage. Appointments for tutoring are made through the [Hardrocker Success – Navigate](#) app; download it from the [App Store](#) or [Google Play](#).
